

AUTHORIZED BELGRADE STEEL TANK DISTRIBUTOR

200 LOW PROFILE PORTABLE SILO

Compact, Crane-Free Cement Storage Designed for Maximum Jobsite Mobility & Batch Plant Efficiency

Expand your storage capacity without complex setup or permanent construction costs. The Belgrade 200 Barrel Low Profile Portable Silo delivers 37 tons (800 cu. ft.) of reliable cement storage in a highly mobile, single-axle design. Built for easy towing and rapid deployment, this unit features a 330 sq. ft. pulse jet dust collector, heavy-duty screw jacks, and a 15'-3" auger discharge height—making it the ideal solution for fast-paced ready-mix and batch plant operations.
